Chairman's Message

Well here we are again, where did the year go? I hope you have enjoyed your rallies this year as much as we have, and are looking forward to what the 2027 programme has to offer. The highlight for me, in 2026 was the Celebration Rally, where we raised £1500 for our charities. I am pleased to announce, Justin, the DJ, has agreed to come and entertain us again at Sycamore Farm in August, certainly one for my diary.
I want to finish by thanking everybody for all their help and support, with a special mention to my wife Janet who has supported me every step of the way. We may be a small Centre but we are definitely a friendly one.

See you on a rally

John

IMPORTANT: SPACING ON THE RALLY FIELD

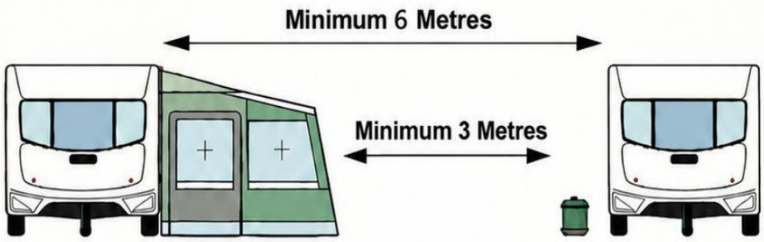

A minimum spacing between facing walls of adjacent motorhomes and caravans (the unit) of **9 metres** is required **in any direction**.

Within that 9 metres there must also be 3 metres clear between outfits, where an outfit is taken to mean and include the unit, an awning, gazebo or shelter, pup tent and a car.

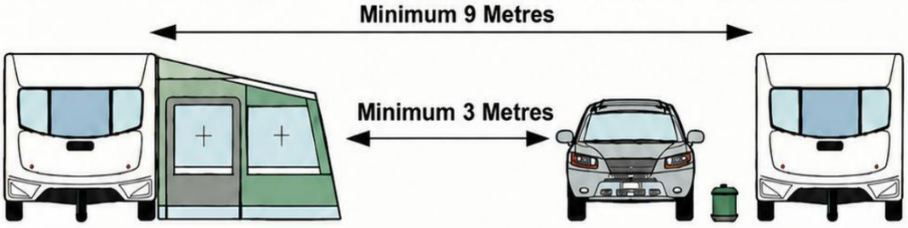

There must also be 6 metres separation between the facing walls of a caravan or motorhome and a building, however, that 6 metres space could be used for a towing vehicle or awning so long as there is still 3 metres clear space within that 6 metres. The North Staffordshire Centre suggests a minimum of 9 metres is required to accommodate both a towing vehicle and awning.

Whilst there is no spacing restriction with regard to rally field boundaries, e.g. fences, trees and hedges, the siting of outfits must not be allowed to interfere with the activities of local people, their privacy or enjoyment of their property.

The North Staffordshire Centre suggests a minimum of 9 metres is required between facing walls to accommodate both a towing vehicle and awning while also achieving the required clear space.
